## Profile

---

An enthusiastic and highly motivated student seeking an internship in software development and machine learning to apply and expand my technical skills and contribute to innovative projects. I also have a keen interest in Game Development and problem-solving skills in C and C++ programming languages. Apart from this, I have also achieved the title of Professor Paradox in a Hackathon which was organized in my college during a Technical fest. I have organized and coordinated several events including 3D Modelling, E-Sports, and also designed the official webpage for my college's annual tech fest with other developers.

## Education

---

2024 – 2028	<b>Btech -Cse</b>
Tanakpur, India	<i>Dr. APJ Abdul Kalam Institute Of Technology,UTU</i>
